

# POOLE TRAINING CENTER

## *BARN AND LESSON RULES*

**PLEASE DO NOT FEED OUR HORSES, DOGS, or CATS  
HAY \*\* GRASS \*\* FOOD \*\* TREATS \*\* ANYTHING EDIBLE**

**PLEASE USE YOUR OWN TACK, LUNGE LINES, WHIPS,  
SHAMPOOS AND GROOMING SUPPLIES.  
The equipment and the supplies in tack room and wash racks  
are for PTC employees use only.**

**WE ARE CLOSED ON SUNDAYS.**

Proper riding attire is required at all times  
Long Pants. A boot or shoe with a heel.

A helmet – Under 18 years old, a helmet is mandatory while on horseback.  
(We strongly suggest that all persons wear a helmet when mounted )

Please, NO chewing gum during your riding lesson.

Only silent parents or visitors are allowed to watch a lesson.

Should it be necessary to cancel a lesson, please give your instructor 24 hours notice if at all possible. You will be charged for any lesson missed without notice.

Any additional children brought to the barn are **required to be supervised at all times**. This is a training facility with young horses.

Please park your vehicle in front of the main barn bordering the sidewalk on the left side of the barn.

Owners must provide a **current original coggins** with your horse upon arrival. If we do not receive this coggins, we will pull a new one 7 days after arrival at your expense.

Remember, you should always keep the current original coggins with the horse when traveling and where ever the horse is stabled, etc. The state veterinarian and the Livestock-Poultry Health Service of Clemson University may require proof of annual test administrations, as they consider necessary. *Please note: If we are inspected and fined due to not having your horses' original coggins this fine will be billed to you.*

When pulling a horse trailer, you may park on the left side of the barn between the pool and the barn. **DO NOT PARK** on the working side of the facility where the tractor, shavings and farm vehicles are parked. The driveway does circle the barn for ease and you do not have to turn your truck and trailer around.

If you would like to see your horse work you will need to make an appointment at least two days in advance.

If you would like to talk with Blanchard or Debbie concerning your horse the very best time to call is between 6:30 AM and 7:30 AM each morning Monday thru Saturday. Our phone service picks up while we are on the phone so we are probably on the phone with someone else if you get our answering machine and we will return your call that morning.

Please clean up any manure left by your horse.

**We appreciate you following all of our rules**
